

DIRIGO XT TANDEM PLUS

DIRIGO XT 140

DIRIGO XT 120

DIRIGO XT 106

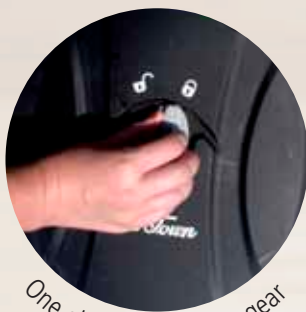

Dirigo XT™ Series

Improved for 2011. In many kayaks, the cockpit is an afterthought, but we believe comfort and control are critically important, which is why every Dirigo XT comes with the intuitive, high-performance Active Comfort System (ACS) seat. Easily adjustable, it quickly feels like an extension of your body, so the stable, easily paddled Dirigo XT does what you want when you want. If that's not enough the addition of the new Click Seal hatch makes this package even better. One quick click and your gear is stashed and locked—safe, sound, and dry.

Features

- Active Comfort System (ACS) Seat
- Click Seal Hatch with Bulkhead - *New!*
- Glove Box Hatch for Cell Phone, Keys
- Safety Perimeter Line and Deck Bungee
- Adjustable Foot Braces and Thigh Pads
- Paddle Keeper and Cup Holder
- Removable Child Seat (140 & Tandem Only)
- Optional Rudder System (Cloud and Sunrise Tandem Only)

New! CLICK SEAL HATCH

One click secures your gear

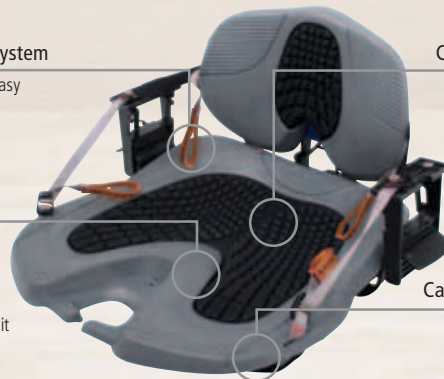

ACTIVE COMFORT SYSTEM (ACS) SEAT

Four Way Adjustment System

Grab loops provide quick, easy "on the water" adjustments

Advanced Technology

Seat base comprised of a tri-laminate (similar to a running shoe) providing support where you need it and softness where you want it

Comfort Cushion Seat Pad

"Fingers" on seating surface provide all day comfort, breathability and drainage

Cantilevered Thigh Support

Prevents edge of pad from digging into your leg
